*when ethnic meets design*

## BORTOLI SNC - IT

L'azienda Bortoli viene fondata alla fine dell'800, ha iniziato la sua attività operando artigianalmente nella produzione di cesti in vimini per i più svariati usi, dai cesti per biancheria a quelli per le verdure, dalle culle ai piccoli complementi.

Dalla fondazione fino agli anni 50, la dimensione aziendale era prettamente familiare e la produzione solo incentrata nella cesteria e le vendite relegate ai territori del nord Italia.

Negli anni 60 invece, con la direzione della terza generazione, furono inseriti nella produzione beni più durevoli e destinati all'arredamento come piccoli scaffali e salottini in giunco e rattan.

La svolta per l'azienda avvenne nel 1987 quando iniziò l'importazione diretta dall'Indonesia. Inizialmente incentrata su elementi di arredamento da esterni come salotti e dondoli in fibre naturali la collaborazione con i produttori esteri divenne però più importante per gli arredamenti da interno.

In seguito ad alcune accurate ricerche su materiali e tecniche di lavorazione in partnership con i principali fornitori, e allo sviluppo di nuove idee per l'arredamento d'interni ed esterni basati sullo stile e il gusto italiano, siamo giunti all'attuale catalogo che fornisce soluzioni pratiche, innovative e di design, adatte a tutte le situazioni ed esigenze.

Oltre alla merce di serie, grazie alla struttura di produzione italiana, l'azienda ha la disponibilità ai suoi clienti di avere merce su misura e realizzazione di progetti particolari.

Grazie alla ventennale collaborazione con i produttori esteri si ha inoltre la possibilità di realizzare grossi progetti ma anche un singolo pezzo su misura mantenendo un prezzo competitivo.

## BORTOLI SNC - ENG

The Bortoli company was founded in the late 1800, started its operations in the production of handmade wicker baskets for many different uses, from laundry baskets to vegetables basket, from the cradle to small additions.

From the foundation up to 1950, the company size and production was mainly family and focused only in baskets, and the sales confined to the territories of northern Italy.

Since the 1960s, under the direction of the third generation, the company started to produce more durable goods such as furnishings for small shelves and many types of seatings in rattan and natural fibers.

The turning point came in 1987 when the company began to import directly from Indonesia. Initially focused on outdoor furnishings such as sofas and swing chairs, the collaboration with foreign manufacturers became more important for indoor furnishing.

Following further research on materials and processing techniques in partnership with our principal suppliers, we continually develop new ideas for the interior and exterior based on the Italian style and taste. With these, we are now presenting to you our current catalog that provides practical solutions and innovative design, suitable for all your situations and needs.

Due to the structure of our production facility, in addition to the regular production, we are able to provide our customers the option to create custom goods and special items for specific needs.

Twenty years of collaboration with our manufacturing partners allow us the possibility to make from large projects to even a single custom piece at a competitive price.

La Bortoli snc, ogni qualvolta lo ritenga necessario per migliorare la qualità del prodotto, si riserva il diritto di apportare modifiche tecniche, senza obbligo di preavviso e senza che ciò possa costituire motivo di rivalsa nei confronti della nostra azienda.

Le tonalità dei colori fotografati a catalogo hanno valore indicativo. Le caratteristiche dei materiali utilizzati possono dar luogo a differenze di colore proprio perchè provenienti da legni esotici, per i quali l'irregolarità della struttura costituisce un pregio.

La riproduzione anche parziale di immagini, testi, illustrazioni e grafica del catalogo è proibita.

Bortoli snc reserves the right to introduce modifications, change details, etc that are considered necessary and beneficial to the product and customer.

Due to printing process, the colours which appear in this catalogue should be considered as approximate, not exact.

The reproduction in whole or part of the images, text, illustrations and graphics of the catalogue is strictly prohibited.
